4 FEB 1963

MEMORANDUM FOR: Assistant Director, OSA

SUBJECT: U-2 Reconnaissance and Defensive Systems

1. I am now hopelessly confused as to who has action on any specific system, and the state of development per system to date. On several occasions, I have attempted to update myself by contacting either Commo Staff, EAD, or OEL. In every case, I seem to get a part of the picture but have not received satisfactory updating in its entirety for any system in the last month.

2. I recommend that a discussion be held between these various action agencies to determine the specific areas of responsibility, and also to establish who in OSA will be the overall coordinator for on-going electronic developments in the U-2 aircraft.
